Civil Defense Director—Paul T. Bradbury.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the Town of Francestown in the
County of Hillsborough in said State, qualified to vote
in Town Affairs:**

You are hereby notified to meet at the Town Hall in said Francestown on Tuesday, the eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to adopt the Budget as submitted by the Selectmen or make any alterations in the same, and raise and appropriate a sufficient sum of money to finance the Budget as finally adopted.
4. To see if the Town will vote to resurface the parking space between the Town Hall walk and the Horse Sheds with gravel and raise and appropriate a sum of money for the same or take any action relating thereto.
5. To see if the Town will vote to tar that portion of the Bible Hill Road from the Top of the hill by the Fire House to the brook near the old Barrett place, and also tar the parking space near the Horse Sheds, if resurfaced, and raise and appropriate a sufficient sum of money to pay for the same, or take any action relating thereto.
6. To see if the Town would approve the exemption from taxation, that portion of the property of the New Hampshire Crippled Children Society, which lies in Francestown, if it can be done legally.
7. To see what action the Town will take in regard to the Town Dump.

8. To see what action if any the Town will take on the report of the Town Road Advisory Committee, appointed by the Selectmen, to study the 15-year road plan.

9. To see if the Town will appoint a permanent Town Road Advisory Committee to continue the study of the roads, look into the equipment necessities including prices and report to the next Annual Meeting.

10. To see if the Town will vote to purchase a loader and borrow a sufficient sum of money to be added to the Post War Road Equipment Fund to pay for the same or take any action relating thereto.

11. To see if the Town will vote to authorize the Selectmen to borrow a sufficient sum of money to pay current expenses in anticipation of taxes.

12. To see if the Town will raise and appropriate five hundred dollars (\$500.00), to be added to the balance of the Reid Road appropriation plus three hundred fifty dollars (\$350.00), to be contributed by Mr. Reid, to be used for applying a black top on said road or take any action relating thereto.

13. To see what action if any the Town will take in regard to closing, subject to gates and bars, those sections of roads as recommended in the report of the Advisory Committee.

14. To hear the reports of Agents, Auditors, and Committees heretofore chosen and take action on the same.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and fifty-two.

FRANCIS W. ABBOTT
LEON E. HOYT
CHARLES W. ABBOTT
Selectmen of Francestown

THOMAS E. BIXBY, Road Agent

SELECTMEN'S REPORT

TO THE TOWNSPEOPLE OF FRANCESTOWN:

We hereby submit the following brief report for 1951 on our approach to the town road problem.

At our spring road meeting in Keene, Commissioner of State Highways, Mr. Frank Merrill brought out a new 15-year long range road plan, dealing with the T. R. A. funds allocated to the towns. In brief his long range plan is to have the best road built possible, suitable to town usage. A stretch of road constructed with T. R. A. funds and given the proper maintenance thereafter, should be in as good condition 15 years hence as it was on the day of completion.

We felt in order to be fair with everyone, to have such a long range road program, a careful study of our present road conditions should be made. As we did not wish to bear the entire responsibility, we appointed a temporary Advisory Road Committee, consisting of the following citizens, William A. Lord, Paul T. Bradbury, Oren P. Harwood, Ford W. Bowman and George Kunhardt Jr.

It is hoped by this venture, that we can with proper planning, utilize the funds available in the best practical way possible for the betterment of our roads.

Therefore, if this plan meets with your approval, we hope to see such a program tried with success.

Respectfully submitted,

FRANCIS W. ABBOTT

LEON E. HOYT

CHARLES W. ABBOTT

Selectmen

BOARD OF SELECTMEN Francestown, N. H.

June 28, 1951 you appointed the undersigned Committee to advise in regard to town roads due to the law passed by the Legislature increasing the amount of State Aid on Class V gravel roads.

We have conferred with Mr. Philbrick the engineer in charge of Division 7 of the State Highway Dept. and our recommendations meet with his general approval.

During the current year we feel that certain short hills should be reconstructed and black topped as follows:

1. Hill south of Rainey's house—Rd. 74.
2. Hill north of Wm. Abbott's to County Road—Rd. 52.
3. Hill east of Alfred Gray's toward Clifford Pratt's—Rd. 75.

4. Hill from brook south of George Foster's toward Noble Pearson's—Rd. 67.

5. Black top the hill back of the Fire House that was reconstructed in 1951—Rd. 65.

We want to remind you that the maintenance of black topped roads is more costly than gravel roads and the Town should not undertake too extensive a program. We do feel, however, that black topping hills is advisable despite the resurfacing required as it will save a great deal of the cost of repairs by gravel which is washed out.

In further reference to the State Aid Road Program we have established a basis for priority of construction governed by factors indicated in the order of their importance.

First: Permanent residents whose livelihood depends upon daily use of the roads the year around.

Second: Residents using School facilities.

Third: Mail boxes served.

Fourth: Estimated year around average daily travel.

Fifth: Assessed valuation; In most cases this has no bearing on the use of the road but should be given consideration.

Attached to, and a part of this report is a chart listing all the Class V roads worthy of consideration evaluated in accordance with the above named factors.

If year around use of the roads is largely the basis for State Aid, due consideration must be given non-resident taxpayers whose interests are represented in the attached chart by the assessment figures. Summer maintenance should primarily consider this phase of the problem.

We recommend closing subject to gates and bars the following:

Road 88 from Charles Place's house to George Foote's and across Rd. 40 to Charles Champagne's.

Road 89 from Rd. 90 southwest to Dr. Case's house.

Road 89 from Rd. 90 northeast to Rd. 40.

Road 67 from Turnpike to Twombly house.

Road 76 from Rd. 78 to 74.

Road 101 from E. Johnson's house to Town line.

We have discussed the subject of road equipment and suggest that a study and analysis be made of the actual requirements prior to any further purchases.

Respectfully submitted,

GEORGE E. KUNHARDT, JR., Ch.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION
Concord, New Hampshire

January 25, 1952

Board of Selectmen
Francestown, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Francestown for the fiscal year ended December 31, 1951, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report which is submitted herewith.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets: Dec. 31, 1950-Dec. 31, 1951:

(Exhibit A)

Comparative Balance Sheets as of December 31, 1950 and December 31, 1951, are presented in Exhibit A. As indicated therein, the financial condition of the Town changed from a Net Debt of \$1,279.97, to a Surplus of \$203.15, during the year 1951.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt

Long Term Notes Paid	\$2,500	00
Decrease in Accounts Payable	13	50
Tax Collector's Excess Credits	19	89
Cash in Hands of Collector a/c Head		
Tax Paid State Not Remitted by		
Collector	5	50
Deficiency Appropriation	2,000	00
		\$4,538 89

Increases in Net Debt

Net Budget Deficit	\$1,998 11	
Long term notes issued	1,000 00	
Tax titles transferred to tax deeds	57 66	
	<hr/>	\$3,055 77
Change in Financial Condition		<hr/> \$1,483 12

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1951, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue deficit of \$1,989.88, plus a net overdraft of appropriations of \$8.23, resulted in a net budget deficit of \$1,998.11.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1951, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Current Surplus:

As shown by the following statement, the current surplus of the Town at the close of 1950 amounted to \$5,220.03, and \$5,203.15 at the close of 1951. This represents the excess of total assets over current liabilities. Current liabilities include all liabilities except long term notes or bonds.

	Dec. 31, '50	Dec. 31 '51
Total Assets	\$14,291 98	\$16,809 16
Total Current Liabilities	9,071 95	11,606 01
Current Surplus	\$5,220 03	\$5,203 15

It is therefore obvious that the special deficiency appropriation of \$2,000.00, which was made in 1951, was unnecessary. Consequently this was offset by an estimated revenue item—"deficiency appropriation credit—\$2,000.00," which was added by the Tax Commission when the budget was submitted for approval of the 1951 tax rate.

A deficiency appropriation is necessary only when the prior year's balance sheet indicates a current deficit,—i.e., an excess of current liabilities over total assets.

Uncollected and Unredeemed Taxes—Prior Years:

In our report of last year's audit, attention was called to the fact that there were balances of uncollected and unredeemed taxes on tax warrants and tax sale accounts extending back over a period of ten or more years. It was recommended that these lists be carefully gone over by the Selectmen and Tax Collector for the purpose of having such accounts as seemed to be uncollectible abated, and tax deeds issued to the Town by the Collector in cases where the two year redemption period had elapsed.

It is again recommended that this matter be given your attention in 1952, in order that assets of doubtful value, in the form of uncollected and unredeemed taxes, may be eliminated from the balance sheet.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Frances-town for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

C. David Sullivan, Auditor
John T. Flanders, Accountant

Certificate of Audit

This is to certify that we have audited the accounts and records of the Town of Francestown for the fiscal year ended December 31, 1951; and, subject to exceptions as noted in the report, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town as of December 31, 1951, together with the results of operations for the period under review.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

C. David Sullivan, Auditor
John T. Flanders, Accountant

		<hr/>
Total circulation		11,666

Magazines subscribed to by the Library:

American Home, Better Homes and Gardens, Children's Activities, Cosmopolitan, Good Housekeeping, Ladies' Home Journal, Open Road for Boys, American Girl, Readers' Digest, Popular Science, Popular Mechanics, Popular Gardening, Saturday Evening Post, Science News Letter, Life, Time, National Geographic, Yankee, Antiques, Story Parade, Horn Book Magazine.

Gift subscriptions:

Our Dumb Animals from Mrs. Packer; Jack and Jill from Miss Rand.

Books and magazines were given by the following persons:

Susan Broman, Miss Rand, Mrs. Langmaid, Mrs. Park, Mrs. Edna Smith, Leafea Clark, Mrs. Emma Place, Mrs. Steffian, Mr. Durand, Mrs. Ruth White, Mr. Freese, Mr. Bourne, Mrs. Macdonald, Miss Allison Hill, Miss Hall, Mr. Gray, W. A. Lord, H. B. Hill, Miss McLeod, Miss Eunice Patch, Miss Ruth Shattuck.

Through State Aid we received about two hundred dollars' worth of books, chiefly reference material and books for the children. There will be no more State Aid as the Legislature did not appropriate money for this purpose.

The annual card party, in charge of Lois MacAdam and Doris Basset, included the sale of flower arrangements, a big cake and herbs, and brought in about \$150.

The Improvement Society added enough to the Doll Fund to make \$100, and also gave the Library \$25 towards new lights for the Reading Room.

For the seventh time a Friend of the Library has given \$20 for special reference books.

From the State Library 274 books were borrowed, and the Bookmobile comes every three months leaving about 75 books each time. These services are much needed, as our weekly average turnover of books and magazines is more than 224, or 32 per hour. During several sessions this summer more than a book a minute went out, not to mention magazines. Five years ago the total circulation was 5,098, or 14 per hour. Our increased circulation occurs during the same number of hours as in the past, and even with a great deal of voluntary and paid extra help, more and more library work is being done at home.

The free services of Mr. Howard Soule who cared for the premises are much appreciated by the public. Less conspicuous was the work given by Doris Basset and the cleaning bee by the trustees and friends. Book shelves in the Children's Room were repaired by W. A. Lord. Mr. and Mrs. Brous, through the courtesy of the Currier Gallery of Art in Manchester, provided two new show cases for the Historical Rooms and now the famous Doll House is well protected under glass.

The Academy Trustees have placed the old telescope also in the hands of the Library, and gave to William Bowman and the Librarian the privilege of looking over the Academy books and other properties and choosing whatever may be best to preserve for the Library. This arrangement was agreed to by the Library Trustees.

A town history given to the Library by Mr. Bourne has been presented to the school. Much of the town history material has been used for college papers; also for conventions of ministers and bankers. Nina Abbott assisted the Librarian in salvaging papers and books of value no longer wanted by the Selectmen; these were removed from the Town Office to the Library.

Through the efforts of Mrs. Brous there were several special exhibits: paintings, prints and a great variety of crafts by Miss Emily Day of Sharon; water colors by Mrs. Edith Baker of Antrim and Mrs. Kunhardt of this town; a lovely hooked rug by Mrs. Agnes Cutter; colorful enamels, pottery and metals made at Sharon Arts Center by Mrs. Brous and Mrs. MacAdam; beautiful stained glass by Rev. and Mrs. David Kingman, the brilliant pieces hanging in our windows for several months; Harvey Packer's collection of horse pictures and a Buffalo Bill poster joined the old stage whip purchased for the Historical Society at the auction of Mrs. Frances Hopkins' things. This whip was recognized by Mr. Evans as belonging to the old Francetown Stage. This corner was much enjoyed by the young folks.

For Labor Day there was a special exhibit of paintings by members of the Merrimack Valley Arts and Crafts Association.

Minerals of this state are displayed by Virginia Smith, and Francetown insects (preserved) by William Bowman. Our permanent exhibit of local soapstone includes a photograph of the quarry when it was in use, and an old geography which mentions this town as a famous locality for soapstone.

A list of books for outside reading was provided by Mrs. Craig of Peterborough High School. This was a great help to our Librarian. So was the visit to a world affairs class at the high school where Sally Murphy was one member of a panel that discussed our foreign policy. This was stimulating and helpful in suggesting material to be gathered.

The regional library meeting at Milford and the annual meeting at Nashua were attended by the Librarian and Mrs. Brous.

A reading contest was held in the summer for the children and Judy Mace won a fine book of folk songs presented by Mrs. Wellman of the Book Nook who sponsored the contest.

Among the many visitors this year was a special delegation from the library institute at Hancock who came over one evening with Miss Pratt, head of N. H. Extension Service.

Elizabeth Yates, who won the Caldecott Medal for the writing of **Amos Fortune**, sent us an exhibit of the photographs and copies of original papers connected with the writing of the book. She also came to our Library with Mrs. Bertha Miller, president of the Horn Book Magazine.

On November first came four young men from the countries of Burma, Malaya and Indonesia. Their two months' stay in this country was sponsored by our State Department so that

these representatives of new republics might find something useful to take back to their countries. Our school children were special guests for this occasion and had a good time talking with these alert and friendly foreigners who spoke perfect English as well as several other languages. They had tea at Hillside and Mr. and Mrs. Henry Hill returned them safely to Concord in spite of the bad storm. This was the first snow seen by our dark visitors.

Respectfully submitted,
CAROLINE LORD, Librarian

FRANCESTOWN VILLAGE IMPROVEMENT SOCIETY

The active cooperation of a large and enthusiastic group of Francetown residents again resulted in a very successful Labor Day Carnival in 1951. Participation and attendance were at an all-time high, and reflected the generous contributions of the many workers and committeemen.

The parade theme was Comic Strips which provided an ideal medium of the talents of the entrants and brought out a large number of outstanding floats. The Peterborough Band provided the musical background and a concert on the Common. Cowboy and cartoon movies, a large variety of games, a Fish Pond, balloons and gay prizes gave the youngsters a really big day. The booths were well stocked and did a thriving business through the day. New attractions included Arts and Crafts Sale and an open house at the Old Tannery Farm.

The major appropriation from the 1951 proceeds was made to the Old Meeting House Fund, the current top village project. The money was ear-marked for the landscaping of the grounds adjoining the building. Other appropriations were made to the Library for new books and stack lights, the Community Christmas Party, American Red Cross, Historical Society, and for care of the Common and the planting of a permanent Christmas Tree.

The Village Improvement Society is truly a community activity and everyone is cordially invited to attend the meetings and is urged to participate. It is through the combined efforts of a large group of members that the Society can continue to function effectively and provide funds for worthwhile Village activities and projects.

W. C. MACADAM, President
E. H. PLACE, Vice-President
R. C. CUTTER, Treasurer
DORIS C. BASSET, Secretary

Feb. 1, 1952.

REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care," he is the person that builds fires anywhere never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountains streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry, windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.
1951 forest fire record.

Number of fires 0, Acreage burned 0, Number of burning permits issued 40.

VICTOR L. WHITE
Forest Fire Warden

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Francestown qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of March 1952, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to raise and appropriate the sum of \$400.00 for the purpose of providing adequate water pressure in the school, or take any action relating thereto.
9. To see if the district will vote to raise and appropriate the sum of \$50.00 for the purpose of defraying expenses related to the Peterborough Cooperative School Study, or take any action relating thereto.
10. To see if the school district will vote to adopt a plan for extending to employees of the school district the benefits of title II of the Federal Social Security Act (Old-Age and Survivor's Insurance) as authorized by Chapter 234 of the Laws of 1951 and to raise and appropriate the sum of \$40.00 to defray the school district's share of the cost thereof.
11. If the foregoing article is adopted to see if the school district will authorize the School Board to execute on behalf of the school district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the school district will designate the School District Treasurer as the officer to be responsible for the administration of the plan.

12. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Francestown this 12th day of February 1952.

REPORT OF SUPERINTENDENT

TO THE SCHOOL BOARD AND CITIZENS OF FRANCESTOWN:

I respectfully submit my fifth annual report as your Superintendent of Schools.

STAFF CHANGES

We have had a complete change of staff this year with the exception of Miss Ethelyn Edwards, music supervisor. Miss Hazel Clement, who formerly taught in Spofford, N. H. replaced Mrs. Gladys Burke as teacher of grades one through four. Mrs. Burke moved to Wrentham, Massachusetts; Mr. Sidney Moore, graduate of Keene Teachers College in June 1951, replaced Mr. Alfred Thomas as teacher of grades five through eight, and Principal of the building. Mr. Thomas moved on to Keene, N. H. to accept a position as Principal of the Roosevelt School. Mr. Moore resigned on account of ill health, shortly after the school year started, and Mr. Robert Piper, graduate of Keene Teachers College and the University of New Hampshire, was employed as teacher-principal of the public school. Mr. Piper comes to us with several years of experience both as a teacher and a principal.

Mrs. Ola Myhaver, school nurse, for the past several years, resigned to accept a full-time position in the Peterborough District. We were fortunate in being able to procure the services of Mrs. Louisa Murphy, R. N. to act as school nurse.

Despite these numerous changes we have been able to maintain high morale and scholarship achievement in our public school.

INSTRUCTION

I am pleased to report that high standards of instruction are being maintained in your school under the capable direction of your teachers. Methods of instruction are being kept up to date with emphasis being placed upon the individual learning abilities of each child. The large enrollment in the primary grades this fall made it necessary for the School Board to employ a part-time teacher to assist in this room. We were very fortunate to be able to procure the services of an experienced teacher in the person of Mrs. Francis Abbott. Mrs. Abbott teaches each morning concentrating her efforts on grades three and four, thus enabling Miss Clement to devote more time to grades one and two where much individual attention is needed. This program is working out very satisfactorily.

The Guidance Program initiated last year, provides each child with a folder in which a record of his achievement test results, difficulties, etc. are kept. These records reveal the mental and physical growth of each child and direct the teaching activities in the path which will be most profitable to the child.

A complete testing program is given to all pupils in grades one through eight. In grade one each child receives a Metropolitan Reading Readiness Test which measures the maturity of the individual and reveals to the teacher the probable groupings necessary to carry on efficient instruction. They also are given the S. R. A. Primary Mental Abilities Test which indicates the innate ability of the child to succeed in school work. These tests are given also to grades three, six and eight. All grades are given a Metropolitan Achievement Test in May. An analysis of the results of these tests reveals to the teachers the strengths and weaknesses of individuals and also of the educational program. Throughout the year standardized tests in reading are given as the pupils complete various phases of the reading program. Of particular importance are the Weekly Reader Tests given in October, January, and May. These measure the growth in reading ability in these periods. All results are recorded on a Cumulative Record Card which accompanies the pupil as he moves from grade to grade.

All teachers in Supervisory Union No. 63 attended a two-day Workshop in Wilton, N. H. The theme of the Workshop was "Improving the Techniques of Teaching with Audio-Visual Aids." These aids train the child to learn by seeing, listening, speaking and doing. Experience has shown that they are an invaluable aid to the child who has a reading difficulty. It is hoped that the Francestown School can have the advantage of another piece of Audio-Visual equipment sometime in the near future, this being a film-strip projector with which textbook learning is supplemented by 35 millimeter pictures covering similar learnings. These are still-pictures and have the distinct advantage of fixing in the pupils' minds distinct principles related to the subject being studied.

HEALTH SUPERVISION

The School Nurse Report covers the work done by Mrs. Myhaver during the school year 1950-51.

This year we have had all children examined by a doctor. It is hoped that this type of service can be continued. Every child now receives a physical examination, a vision test, and an auditory test, in addition to the monthly check-up by the school nurse. Parents are informed when any irregularities exist and they have been most cooperative. Certain communicable diseases are difficult to control once they get started. Every effort is made to obtain professional advice to guide the actions of the school officials.

Our dental clinics have been very successful. This is due largely to the fine assistance given by the Parent-Teachers Association and the local chapter of the American Red Cross.

PLAYGROUND FACILITIES

On behalf of the teachers and children I wish to express our sincere thanks and appreciation to the Parent-Teachers Association for the fine playground equipment purchased by them and given to the school. It has already done yeoman service and is greatly enjoyed by our children.

SCHOOL LUNCH PROGRAM

Mrs. St. John is continuing to operate a very efficient and satisfactory school lunch program, assisted by Mr. Harry Varnum, who maintains the program books. Our lunch program is more than a "feeding station," it is definitely an educational device, wherein the children have brought to their attention good table manners, social responsibilities, and good eating habits.

High cost of food plus curtailed distribution of surplus foods makes it exceedingly difficult to operate a school lunch program on a pay-as-you-go basis. The government reimbursement has been reduced from 9¢ to 6¢ per child. This contribution pays only for the milk consumed, thus it is necessary to purchase practically all foods from receipts from the children. The appropriation granted by the School District last March has been the determining factor as to whether we could continue to operate or not.

The following report of Receipts and Payments reveals the extent of your program.

RECEIPTS

National School Lunch (reimbursements)	\$433 99
Receipts from sale of Lunches	1,284 10
Other Sources	17 71
TOTAL RECEIPTS	\$1,745 80

PAYMENTS

Food	\$925 36
Labor	690 00
Other	125 50
TOTAL PAYMENTS	\$1,740 86
Balance on hand June 30, 1951	4 94
Grand Total	\$1,745 80

IMPROVEMENTS TO BUILDING

The exterior of the school building has been painted according to plan, as has the interior of the primary room and adjacent library room. The only areas now requiring attention are the upper grade room and library adjacent to it. This is planned for this summer.

A special article in the warrant calls to the attention of the voters the necessity for remedying in some manner the water pressure in the school building. A complete study of the matter has been made by the State Department of Health; Aetna Engineering Co., and the Superintendent of Schools. The problem seems to be one of distribution rather than supply. There are two apparent ways of attacking the problem.

(a) Replace pipe from street to school building. (May give larger supply but will not affect pressure to any appreciable degree).

(b) Install two-tank system in basement of school with pressure pump. (Will assure a comparatively constant pressure ranging between 20 and 40 lbs.)

COOPERATIVE SCHOOL STUDY

There is little to report in this subject, with the exception that a committee composed of your Superintendent, School Board representative, and a representative from the citizenry has attended numerous meetings at Peterborough studying and discussing the feasibility of such a project. The Peterborough Transcript has reported in detail the progress to date.

A special article in the warrant calls for an appropriation of \$50.00 to be used in connection with the Cooperative School Study. This sum will be used to defray any expenses that may arise as a result of the need for surveys, reports, etc. so that the townspeople may be kept informed.

FINANCE

The amount required to meet the school board's budget has been reduced by \$1,120.27 as compared with last year's budget. The estimated assessment shows a reduction of \$1,932.64. These reductions are largely the result of eliminating the appropriation of \$500 for school lunch, reducing the expenditures for Minor Repairs and Expenses by \$225 and reducing tuitions by \$325. The School Board's estimate on tuitions makes no allowances for an additional pupil who might become the district's obligation. A one pupil increase or decrease could alter this item by \$270.00. Reported tuition rates for next year are Peterborough \$270 and New Boston \$250. The average per pupil cost for secondary pupils in New Hampshire for 1950-51 was \$271.75.

The budgets of those districts having an increasing tuition obligation will be greatly affected in the following years. Francestown's tuition pupils will increase from the present 17 to a possible 36, if all attend school. This increase will appear between the years 1952-57. At the same time operating costs will perhaps increase slightly due to increased local enrollments. This picture does not take into account what will be happening to our national economy.

STATE AID

According to the present State Aid Formula Francestown will not be eligible to receive any State Aid. This situation will continue to exist until such time as the State Aid Formula is rewritten, the number of pupils increase decidedly or the adjusted valuation is decreased.

CONCLUSION

I wish to thank the parents and friends of the Francestown School for their constant support and interest in school activities. I also appreciate the excellent cooperation and help that has been extended to me by the Francestown School Board.

NEWELL J. PAIRE

Superintendent of Schools

STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1951

REPORT OF SCHOOL NURSE

TO THE SUPT. OF SCHOOLS AND BOARD OF EDUCATION:

The following is the summary of the Health work completed by the school nurse in the Francestown School from September 7, 1950 to June 15, 1951.

Number of visits to school	29
Total physical inspections of students	452
Total number of students weighed and measured	208
Total number of vision test (Mass. Vision Test used)	74
Total number of hearing tests (Maico Audiometer used)	77
Total number of pre-school children inspected	7
Total number of parents or representatives present (at the registration on May 15, 1951.	3

In the inspection of school children the following defects were found:

Defective teeth	35
Enlarged tonsils	21
Defective vision	9
Skin conditions	2
Corrections made:	
Dental, at clinics	14
Others having dental care	27
Tonsils cared for	5
First aid	2
Ears examined and treated	2
Glasses fitted or re-fitted	5
Glasses not necessary	2

Exclusions from school have been made in compliance with the State and local Boards of Health. The First-Aid cabinet has been checked from time to time.

Special Health Activities:

I. Dental Clinics were held at the office of Dr. C. Temple Lawrence of Peterborough on Jan. 8, 15, 22, 1951.

- a. Number of students treated at the clinic 14
- b. The local American Red Cross and parents sponsored these clinics.

II. The eye clinic was held at Dr. Provost's office in Manchester, N. H., on May 25, 1951.

- a. Number of students treated 1
- b. Sponsored by the Sight Conservation Program under the direction of Miss Louise Sexton, R. N. (Consultant).

III. The Tuberculin (Patch) Test was given on March 12, 14 and 16, 1951.

a. Number of students having test 57

b. The chest X-rays were sponsored by the State and local Boards of Health and Education, parents and the State Tuberculosis Association. Mrs. Mildred Aiken, R. N., Tuberculosis Association nurse assisted by the school nurse gave the tests. The X-rays were taken by Mr. Alden, Tuberculosis Association technician.

IV. A Public Health Clinic was held in Francestown on June 8, 1951, sponsored by the State Board of Health:

a. Number of babies & pre-schoolers attending 7

b. Number of parents or representatives attending 7

Mrs. Claire Hamilton, State Public Health Nurse assisted by local nurses and the school nurse directed the clinic with the help of a local committee.

At this time the school nurse wishes to thank all organizations assisting in the School Health Program and to express appreciation to the Superintendent of Schools and Board of Education, principal and teachers, nurses and parents, for their cooperation.

Respectfully submitted,

OLA H. MYHAVER, R. N., School Nurse
